REMEMBRANCE

SUSAN LEWIS

We were very saddened by the news of Susan's death on May 9. We extend our deepest sympathies to all of her family and friends.

No Contribution fund has been set-up on behalf of Susan but we suggest that if you wish, any donation to a family aid organization would probably be most welcome.

Susan was both a Venice and Fox Hills Paddle Tennis regular and could return almost any ball she could get to!
We hope that wherever she is, there is always an empty court, sunshine, cool breezes and 3 good players looking for a fourth.

RULES UPDATE

We hope to have rules books printed and ready to hand out by the first of August. Each Tournament Director will receive one book. Members and replacement books will be sold at cost (about \$5).

REFLECTIONS

by Erin Hemenway
US Paddle Tennis
Board of Director: 6
Director.

Southern California Paddle Tennis I am turning over this space for the June issue to Phil Ender, US Paddle Tennis Association Treasurer and one of the five Board Members from Southern California. Phil sent me a memo June 7 which I think is worth sharing with everyone...

Mike Corbett stepped down as US Paddle Tennis President in January and the Association was without a president for over three months until Dary Lemon volunteered his services. Dary and I have been evaluating the current status of the National organization and have concluded that the group needs some changes or it will cease to exist.

We have decided to try and reorganize the US Paddle Tennis Association from a group that directly supported individuals into an umbrella institution that supports regional and local PT groups. In particular, the US Paddle Tennis Association would support affiliated clubs and associations.

US Paddle Tennis Services

Here is a list of the services that the National group can provide:

1. Establish, maintain and disseminate the official PT Rules.
2. Provide Information and clarification regarding rules and rule changes.
3. Establish and maintain the

4. national rankings.
5. Provide a database w/ PT court locations.
6. Sustain a master schedule of tournaments & events.
7. Sanction tournaments. Work with the Tournament Director re: the proper seedings for the draw, the administration of the proper rules, etc.
8. Support local and regional [affiliated] PT Clubs & groups.

The reorganized US Paddle Tennis Association will begin with five charter affiliated members: Florida Paddle Tennis Association (FPPTA), New York Metropolitan PTA (NYMPTA), Midwest Paddle Tennis Assoc. (MPTA), South Carolina PT Assoc (SCPPTA) and Southern California Paddle Tennis (SCPPT).

These existing organizations were and are very active in their regions promoting Paddle Tennis and have been associated with the national PT through Board Members from each organization.

What the Affiliates Can Do

The most important thing they can do is to continue to promote PT in their regions. We hope that each group will work hard to attract new members and to bring active players into Paddle Tennis.

Also, please let me know about tournaments that you are scheduling in your areas and send me the results so that I can put them on the World Wide Web as quickly as possible.

PT on the Internet

I created the PT Web site on the World Wide Web, currently the hottest part of the Internet. PT's site has information about the national association, affiliated members, rules, tournament schedules & results, rankings, national champions, PT court locations throughout the US and much, much more.

The Internet address for the PT Web site is:
<http://www.gseis.ucla.edu/ender/pl.html>

I hope all of you will have a chance to view the Paddle Tennis Web site!

Phil

PLEASE NOTE:

A round robin mixed doubles social will be held at the Cal Yacht Club
June 29, from 2-6 PM.
